Liquid Blue is a Concept Store and Water Sports Center located in Cabarete, Dominican Republic.

We like to think our little Concept Store is unique because unlike other brick & mortars we are a mix of an information center, water sports service center and retail outlet. Here, anyone can come in to ask questions, book a service, shop or simply relax and chat with us!

KITE | SURF | SUP | WING | FOIL | DIVE | TOURS

Our service range from internal to external services that can help anyone from booking a kiteboarding course, getting a coach to develop ones wing foiling skills, or to buying real-estate, finding a taxi or "insert blank here"...

Essentially, if you have a question or need a service we can most likely help using our local knowledge to answer and solve! For as long as we can remember, we have always wanted to be of service to those visiting Cabarete. We are stoked and glad to interact with both locals and visitors!

04 | WINGING

"Wingfoiling is more than just a hype, it is an extreme sport that is full of fun. Learning to Wingfoil the right way is key to truly experiencing this sport."

- Charles Österlund
